*A*lpharetta resident BeAnne Creeger and her 9-year-old daughter, Lily Grace, have embarked on a remarkable journey of self-love and independence. While BeAnne is currently single, she has found that her true soul mate is her daughter. Their bond is powerful as they pour their unconditional love into each other. Together, they dance beautifully through life, creating a magical companionship and joy. Shares BeAnne, "Although society may view me as technically alone, I am far from lonely, which is magical. It took me a long time to get here, but I am here."

BeAnne's career path has been diverse and fulfilling. After graduating from the University of Central Florida with a degree in Hospitality Management, she began her career in property management. She later obtained her real estate license and worked as a new home consultant for a reputable builder in central Florida. Seeking new adventures, BeAnne moved to San Francisco and became a Real Estate Specialist for a high-profile financial advisor, managing their clients' real estate transactions.

She then took a break from real estate to teach English as a second language in Japan and to travel abroad. Upon returning to the United States, BeAnne continued her real estate career in Facilities Management and eventually became a Real Estate Advisor with Ansley Real Estate | Christie's International.

When asked if she enjoys her work, BeAnne always responds enthusiastically, stating that she loves what she does. "Working in real estate requires a certain personality and a combination of grit and grace," she shares. Her clients consistently express their trust in her, which is the greatest compliment she could receive. BeAnne takes her role as a realtor seriously, understanding that she is handling one of her client's most valuable assets and contributing to their long-term wealth. She excels at building strong relationships with people and remains calm, focused, and present throughout the often stressful process of real estate transactions.

cooking together and engaging in quiet activities such as reading and practicing yoga. Being outdoors is also a source of joy for them, whether riding their bikes on scenic trails or enjoying pool time during the summer. "We enjoy treating ourselves to pampering sessions, retail therapy, and dining out on special occasions, shares BeAnne. "While prioritizing health and nutrition, we also indulge in delicious pizzas, fries, and decadent chocolate cakes. We believe in working, playing, and finding balance through rest."

Mindfulness-based practices have been a significant part of BeAnne's life, as she has taught yoga for 16 years since becoming certified in 2008. Being a mother, teaching yoga, and working as a realtor are her three favorite roles, each bringing its unique joy to her life.

Lily Grace is a creative and independent spirit with a heart of gold. She possesses both intelligence and down-to-earth qualities. Finding joy in the little things, Lily Grace is equally comfortable getting dirty and playing as she is dressing up for special occasions. Says BeAnne, "Reading is one of her greatest passions, and she often finds herself immersed in a cozy nook with a good book. Horses also hold a special place in her heart; she has been connected to their energy since she was a young girl. Gymnastics, horseback riding, and rock climbing perfectly align with her vibrant personality."

to those suffering, experiencing loss, or needing healing and support. Having received incredible support and love from her family and friends and guidance from compassionate mentors, therapists, and healers during challenging times, BeAnne feels honored to give back and show up for others. Compassion, kindness, and leading with love are the principles she lives by.

Despite facing the challenges of being a single mother and navigating the complexities of divorce, BeAnne and Lily Grace refuse to be victims. Instead, they choose to be victors and positively impact the world. They cherish every day as an opportunity to write a new story and live their best lives. They encourage others not to let their past define them and to embrace a positive outlook on life. The motto that guides their family is to be real and kind and to love unconditionally.

Traveling is another passion that BeAnne and Lily Grace share. They particularly enjoy short weekend trips. During their travels, they enjoy staying at hotels, as it allows them to disconnect from their devices and fully engage with each other, savoring every moment.

Whether they visit the mountains or the ocean, their favorite destinations always offer comfortable lodging, stunning views, a beautiful pool, delicious food, and opportunities for retail therapy. One of their most memorable trips was to Hilton Head, which provided a therapeutic experience for their souls. While BeAnne and Lily Grace dream of traveling abroad and exploring more of the world, their current season of life is focused on enjoying these little weekend getaways, where they can rest, play, and indulge in life's simple pleasures.

BeAnne and Lily Grace's story is about resilience, love, and the pursuit of authentic living. They have found strength in their bond as mother and daughter and strive to impact their community positively. With a motto of being real, kind, and embracing unconditional love, they navigate life with grace and gratitude. Through their big and small adventures, they continue to create beautiful stories, cherishing each day as an opportunity to thrive and inspire others within their community and beyond.
